Tanmay Dhole

Full Stack Web Developer and Al Engineer

tanmayykishor456@gmail.com | 9594347868 | Saptarshi CHS LTD ,bldg-17,flat-9, sector-8 Nerul, Navi Mumbai

EDUCTION

RYAN INTERNATION SCHOOL SANPADA

PCM 11th-12th
Percentage:- 76%

SIES Graduate School of Technology

Computer Engineering B.E *CGPA*: 8.5

PROFESSIONAL EXPERIENCE

Amit Consultancy Services

Oct 2026 - Present

Web developer intern

- Working closely with the development team to build user-friendly web applications.
- Translating UI/UX designs into functional front-end code with HTML, CSS, and JavaScript.
- Supporting back-end development efforts and integrating APIs.
- · Continuously learning and implementing industry best practices in web development.

Blue Sky Analytics

Jan 2025 - Aug 2026

AIML intern

- · Acquired practical experience in Al and machine learning through hands-on projects.
- · Worked on data preprocessing and feature engineering to improve model accuracy.
- Collaborated with cross-functional teams to integrate the ML model into existing systems.
- Gained insights into ethical considerations and best practices in deploying Al solutions.

SKILLS

Web Developer Skills:

- Front-End: HTML, CSS, JavaScript, React, Angular, Vue.js, and responsive design.
- Back-End: Node.js, Express.js, RESTful APIs.
- Databases & Tools: SQL (MySQL, PostgreSQL), NoSQL (MongoDB), Git, GitHub, Webpack, Babel, npm.

Al Engineer Skills:

- Machine Learning & Deep Learning: Supervised/unsupervised learning, neural networks, TensorFlow.
- Data Handling & Evaluation: Data cleaning, normalization, feature engineering, cross-validation.
- Tools & Programming: Python, R, Scikit-learn, NumPy, Pandas, Matplotlib.

Soft Skills:

- Problem-Solving: Analytical and critical thinking.
- Collaboration: Teamwork, communication with cross-functional teams
- Project Management: Agile methodologies, time management.
- Continuous Learning: Staying updated with industry trends and technologies.

PROJECTS / OPEN-SOURCE

JEWELLERY E-COMMERCE WEBSITE WITH REAL TIME PRODUCT TRIAL USING AUGUMENTED REALTY.

- Developed a jewelry e-commerce website featuring augmented reality (AR) for real-time product trials.
- Implemented AR technology using Three.js and GLTFLoader to allow users to virtually try on jewelry pieces.
- Integrated a comprehensive catalog with detailed product information and interactive AR functionality.
- Enhanced user experience by providing realistic visualizations of jewelry items through their device's camera.
- · Aimed to boost customer engagement and satisfaction by offering a personalized and immersive shopping experience.

Scribe.ai: AI EMAIL SUMMARIZER WITH DASHBOARD

- Developed an Al model to summarize large volumes of customer emails efficiently.
- Implemented natural language processing to extract key information and create concise email summaries.
- Created a dashboard to present the summarized emails, allowing for easy analysis and quick insights.
- Enhanced productivity by reducing the time spent manually reviewing emails and improving data organization.
- Enabled better decision-making through actionable insights derived from the summarized email data.
